

1 Inventory items to check for missing parts

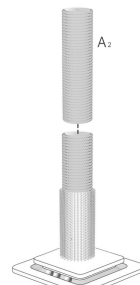

A1: Scratching post A2: Scratching post B: Base plate C: Rotating spacer
D: Top cover plate E: Cat teaser beads x3 F: Plush cat teaser balls x2
G: Fixing screws x3 H: Double-threaded screw x1

2 Install the base section

Install according to the diagram by aligning the corresponding accessories with the screw holes, then tighten with long fixing screws (with the A1 side featuring the scratcher facing upward).

3 Install the grab column

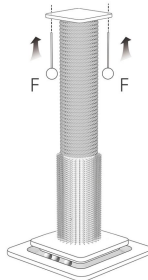

2 After completion, flip the entire base upright and secure the A2 clamping column using the double-threaded screws.

4 Install the top cover plate

5 After completion, align the top cover plate with the screw holes as shown in the diagram, then tighten it using the short mounting screws.

5 Install the cat toy plush ball

Thread the pom-pom string through the hole in the top cover plate and tie a knot.
